

**Enforce remote worker safety and reduce corporate liability with...**

## **...TotalMobile Best Practice**

**TotalMobile Best Practice is a compliance enforcement application that ensures an organisations workforce adhere to policies and procedures and reduce liability.**

### **Features**

- Keep mobile workers up to date with corporate best practice
- Periodical reminders ensure workers carry out routine safety checks, read manuals and inspect vehicles
- Context sensitive messages ensure workers approach specific situations and occurrences appropriately and safely
- Creates logs of all messages viewed by workers with acknowledgements generated if required
- Works in conjunction with other **TotalMobile** applications for enhanced functionality i.e. use with Job Management to send context sensitive safety reminders

### **Benefits**

- Improve lone-worker protection
- Meet your duty of care responsibilities among remote workers
- Remotely enforce compliance with procedures
- Reduce corporate accountability by automatically documenting all duty of care actions

**TotalMobile Best Practice** runs on Windows Mobile™ devices and complementing your existing IT infrastructure through seamless integration with back office systems and databases.
